If "white man heap lie" it may also be remarked that the veracity of the Indians is not under all circumstances unimpeachable. The pretty story about the heroic copper-colored Susan, who rushed into the council of the braves and effected the release of the Meeker ladies, is addied in this short time. The story repeated by the captive ladies was that Susan dashed among the warriors with a gorgeous blanket about her shoulders, that she made a passionate and eloquent appeal for mercy, and finally "drawing a pistol from under her blanket, aimed it directly at the face of Ante lope, and exclaimed: 'I am the sister of Ouray.
